

## Remarks

Support for the present amendment is found in the priority patent application 10/668,032, filed September 22, 2003.

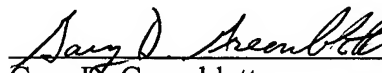

The present application is a divisional application of U.S. Nonprovisional Patent Application Serial No. 10/668,032, which is incorporated into the present application by reference in its entirety. Statements of incorporation are included in the Utility Patent Application Transmittal and Fee Sheet, and in the first paragraph of the present patent application. The entire disclosure of the priority application, which includes Figures 1 to 16, is incorporated by reference into the present divisional patent application.

The present amendment incorporates Figures 1 to 16 of the priority application into the present divisional patent application as Figures 1 to 16.

As such no new matter is being introduced by the incorporation of Figures 1 to 16 to the present divisional patent application.

Respectfully submitted,

Bristol-Myers Squibb Company
